SUMMARY

Full Stack Web Developer with background in High School Education. Challenge loving and drive for growth and knowledge. Willingness to work and collaborate with a team. Great at developing relationships with fellow coworkers, and willing to lend a hand and fight for what's right.

TECHNICAL SKILLS

Languages: HTML, CSS, JAVASCRIPT, NODE.JS, EXPRESS, MYSQL, Materialize, Bootstrap, JQuery

PROJECTS

COVID-19Stats | github.com/dglassick | dglassick.github.io/group-project.github.io/index.html

- Project used api calls to pull current COVID-19 stats. Had a working Choropleth map, but no longer works because api data changed.
- I helped develop the statistics and map page as well as the logic behind them
- Used Javascript, 3 APIs, HTML, and CSS

Code Hunters | github.com/dglassick | <https://github.com/dglassick/code-hunters-gp2.github.io>

- Project used api calls to pull location to allow the user to filter through a list of employers/employees based on their coding language and location.
- I had a hand in developing everything with this project: setting up the application, handlebars, routes, api call, orm/mysql, javascript, and jquery
- Used Javascript, an API, Handlebars, JQuery, Materialize, MYSQL, Node.js, Express.js, HTML, and CSS
- Application was deployed to heroku. Link is <https://fast-stream-44549.herokuapp.com/>

EXPERIENCE

High School English Teacher

2014–2020

Val Verde Unified School District

Perris, CA

English Teacher in a lower income area. Managed classrooms of 35+ students with leadership and behavior management skills. Developed websites using Google Sites, and implemented online learning using Google Classroom.

Key Accomplishments:

- Lead teacher collaboration team
- Was a technology expert and helped other teachers develop their skills
